New Year, New Opportunities

Tad McDowell

UAAD President

Well here we are, the start of a new year, with a new set of challenges and opportunities. Last year was successful and we hope to keep moving forward with new programs, changes, and great opportunities for our membership to be more involved with the campus and community.

Kicking off this year, we are hosting two general membership meetings: one on East Campus and one on City Campus (see the flyer on the front for times and locations). We are doing this to better provide those on each campus the ability to join us for our annual kick-off. You'll get a preview of the coming year, learn what the organization can provide for you, and have some of the best ice cream—directly from UNL's dairy store.

UAAD is here to help foster new ideas for the administration and management in your particular area of expertise, provide a means for you to share your ideas and methods with others and provide information about current issues that impact our jobs and the university community. As a group that is working diligently to promote the professional development of our members, we feel strongly that we have an obligation to give to the greater community. This was very evident in the large number of volunteers (members and non-members alike) who contributed their talents and abilities to the cleanup at Hallam. We are proud and send a warm thank you to all.

For those individuals who have never been members I would like to urge you to consider joining this fine organization. It is through the power of membership that we can accomplish many things. All former members whose membership has lapsed for various reasons should consider rejoining. We want to work toward making this organization one that meets your needs as well. It is through communication that great things become even better. Finally, to all of those individuals who are current members, I thank you for your continued support. The efforts that you displayed last year in program assistance and in attending meetings is greatly appreciated.

I look forward to working with you all this year.

New UAAD Group Promotes active citizenship

Each time we get together during the coming year, UAAD members will have an opportunity to contribute energy and ideas, and in some cases make small donations, in a continuing effort to use our organization's strength to help others in our communities.

This year's first activity in our social consciousness commitment is a food drive for the Food Bank

of Lincoln. **Please bring a non-perishable, canned food item to either of the September UAAD general meetings, and drop it off in**

the designated collection bins.

The Executive Director of the Food Bank of Lincoln, Scott Young, is joining us for the September meetings and will speak briefly in encouragement of our social consciousness activities, assuring us that even small contributions can make such a difference to others.

—Margaret Koczan
